

Welcome Aboard M/S Riddarholmen

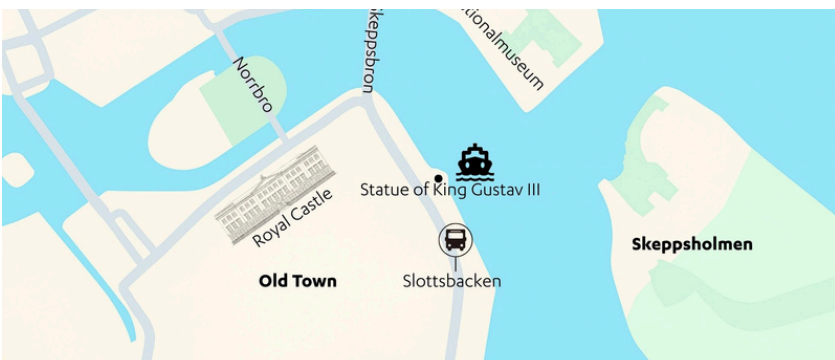

Well suited for large corporate events,
evening receptions or weddings

History & Information – M/S Riddarholmen

M/S Riddarholmen was built in 1916 at Motala Verkstad and was originally named S/S Vielle Montagne III. For over 50 years, she plied the Göta Canal, transporting zinc between Åmmeberg, Otterbäcken, and Gothenburg. In 1990, she was converted for passenger service and returned to the canal – this time as a music and event vessel. After a few years operating in the Stockholm archipelago, she received her current name, inspired by her then home port on Riddarholmen.

Since 2010, she is owned by Blidösundsbolaget and is currently berthed at Skeppsbron, just in front of the Royal Palace. M/S Riddarholmen is one of our most popular vessels – ideal for parties, corporate kick-offs, and exclusive events. Our guests range from private individuals and companies to artists and members of royalty.

How to Plan Your On board Event

Important Notes

The number of guests must be confirmed 15 working days before departure. Changes can be made up to seven working days before departure, with a maximum adjustment of 10 percent more or fewer guests. Food and beverage orders must also be confirmed 15 working days before departure. Bringing your own food or drinks onboard is not permitted. We offer ship decoration with foliage upon request.

ON BOARD TECHNOLOGY & SOUND

The ship is equipped with a sound system suitable for background music and announcements, compatible with most digital devices.

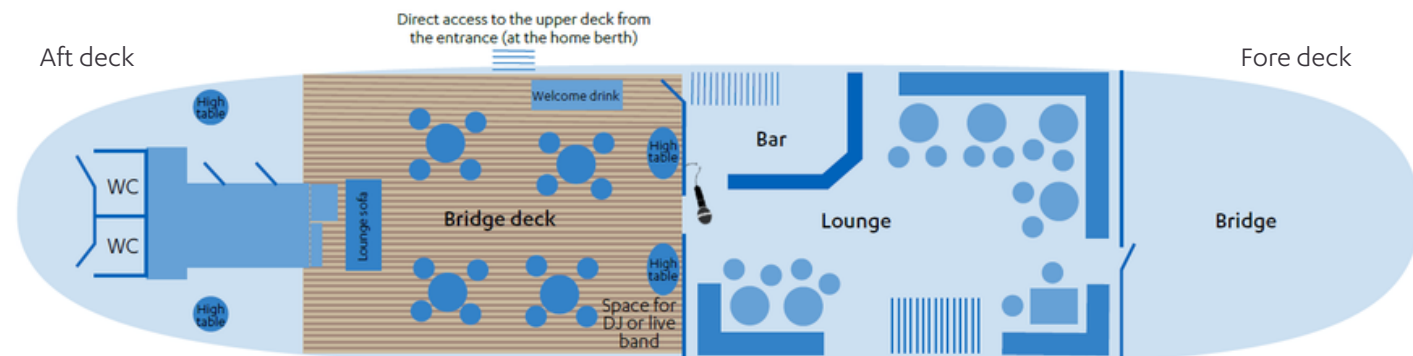

You can rent a portable PA system with speakers and microphone for your event onboard.

If you would like to dance, we can assist in booking a DJ with equipment, or help arrange a solo musician or a band.

Projector and a portable screen can be booked in connection with your event.

A microphone is available on the bridge.

Upper Deck – Upper Deck with Bar and Lounge Area

A Delightful Cuisine is an Essential Part of the Experience

Savor the beauty of the archipelago and a culinary journey with selected ingredients.

We offer beverage pairings that create a complete on board experience.
