Helpful Tips for Your Event

It's perfectly possible to host both your ceremony, dinner, and celebration on board. Here's an A-to-Z guide with useful information to help you plan your wedding cruise.

Booking your vessel

Secure your preferred date with a complimentary, non-binding preliminary booking that is valid for two weeks.

Culinary excellence

We recommend a three-course menu, which is also the most common choice for weddings, but a buffet can also be arranged if desired. All dishes are prepared on board by our skilled chefs. Our vessels have full alcohol serving. Bringing your own food or drink on board is not permitted.

Adjustable route

Design your perfect journey. Cruise through the Saltsjön or pass through the locks into Lake Mälaren. We tailor the route to your wishes while considering time, geography, and docking possibilities. Lock fees apply when entering Lake Mälaren.

Dancing, DJ, and technical equipment

A sound system is available for background music and speeches, compatible with most digital devices. If you wish to dance, we can assist with booking a DJ and equipment. We can also help arrange a troubadour or a live band. Both a wired microphone (M/S Riddarfjärden) and a wireless mic/lavaliere (M/S Riddarholmen) are available. A portable screen and a projector are available and can be reserved when booking the event.

Decoration

In addition to our standard table decorations (white tablecloths, napkins, and small floral vases), you can of course add other floral arrangements such as ivy garlands or greenery around the vessel. A cost estimate will be provided upon request. We can also place the seating cards on the tables if you deliver them together with a seating plan to us a few days before the wedding cruise.

Gift table

We can set up a gift table in a suitable location. Kindly remember to take all gifts with you as soon as the cruise ends, as we are unable to accept responsibility for any items left behind.

Meetings / vessel visits

You are welcome to visit the vessel you are interested in. Two meetings of 45 minutes each (1.5 hours total) are included. Additional meetings or visits are charged separately.

Officiant

If you wish to hold your wedding ceremony on board, you will need to arrange your own officiant. We can also arrange for the officiant to disembark at a suitable location for him/her in the event that he/she can not accompany you for the entire cruise.

Tailored table settings

Whether you envision elegant long tables or a distinguished head table for the bride and groom, we can create a fitting design. An additional fee applies, depending on the extent of the rearrangement. We will provide a proposal showing what is feasible based on the vessel's size and layout. For the standard table layout, look at the information sheet for each vessel.

Time on board

Our standard rental period extends until 01:00. If you wish to stay on board longer, a special permit must be requested at least one month in advance. Extended hours come with an additional fee.

Toastmaster

We recommend that you have at least one toastmaster, who can act as a point of contact and help coordinate speeches and other activities together with our staff. This way, you can relax and enjoy the celebration. Please provide us with the toastmaster's contact details.

Wedding cake

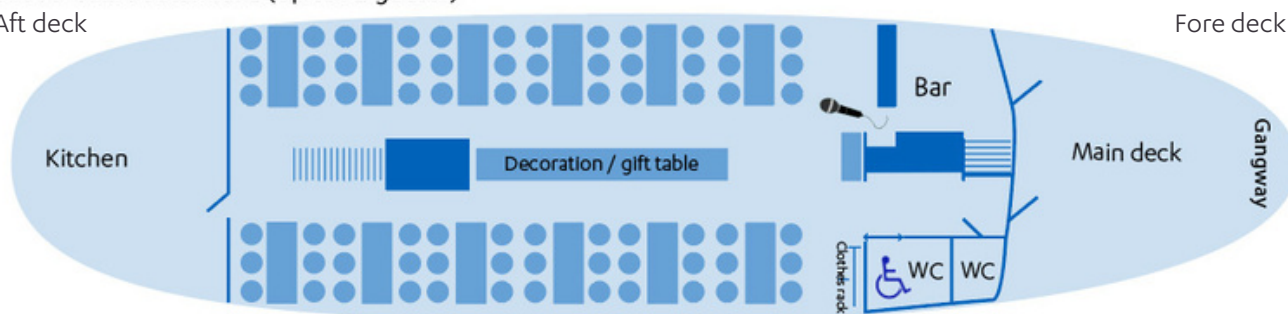

If you would like to have a wedding cake, you are welcome to arrange this with the bakery of your choice. We kindly ask that you coordinate the delivery details and cake size with us in advance, so we can ensure that there is sufficient space in our refrigerators. Please note that a serving and handling fee will apply.
